#ONETEAM

A trusted partner not just an implementor. Namos form lasting relationships to enable Digital Strategy and Business Transformation.

The Namos Difference

We provide an end-to-end HESA application and managed service solution that seamlessly embeds into Oracle Cloud. Fully compliant with HESA specifications now and into the future.

HESA HESA

We have an EPM solution capable of becoming the one-stop-shop for Student Number Planning from target setting to predicting populations.

STUDENT NUMBER PLANNING

We have proven models for Higher Education Financial Budgeting and Forecasting capable of modelling the unprecedented challenges and opportunities facing the sector.

FINANCIAL PLANNING

We have a single report solution for Teachers' Pensions returns that handles concurrency and exclusions out-of-the-box.

TEACHERS' PENSIONS

Worried about those complex workforce structures with multiple assignments or cost centre hierarchies? No problem. Namos have tried and tested templates to capture sector intricacies.
